ROTTING BOATS.

The Low Railroad Rates on Grain Hurting the Erie Canal.

SOUTHERNERS ON A TEAR.

A Georgia Town Marshal and a Sheriff Gashed by Drunken Excursionists-Shot for a Few Cents-A Judge la Disgrace.

BUFFALO, N. Y., May 39 -Three hunthe water here as the result of the low a great deal of expense to the state. railroad freight rates on grain to New York. The shipments of grain from the west are fully up to the average so far this season, the ter-minal elevators having already handled 3,500,000 bushels, yet out of this the canal has had only three boat loads, notwithstanding the very low rates offered by the boatmen-1% cents a bushel for wheat and 1% cents for oats. The explanation given by the canal men of the enormous decline in business is that the railroads have agenta in every corner of the country and, by added facilities, are able to keep cutting down the rates until a scale has been reached which is ruinously low. It is further said that 1,000 bushels are now being put into one car, instead of 500 bushels, as a few years ago. Altogether the Erie canal, which originally made the Empire state what she is, is passing through a far from bright stage of

its history. Southerners on a Tear.
ATLANTA, Ga., May 29.—Drunken
South Carolina excursionists to Tallulah Falls, Ga., engaged in a riot yesterday afternoon. The town marshal's throat was cut, the sheriff's throat was gashed and a deputy was seriously injured. At Cornelia a posse ran the rioters into a swamp and captured four of them. They are now in jail at Clarksville. The sheriff of the county remained on the train and was shot at several times. The coaches were badly

damaged. Shot for a Few Cents. Sours Enib, Ok., May 27.—Enoch Kemper, deputy district clerk, and Capt. Bond, owner of the English Kitchen, had a dispute last evening over 35 cents, which Bond claimed Kemper owed him on a board bill. Angry words followed, when Kemper drew a revolver and shot four times at Bond. Three shots took effect, two in Bond's wounds are serious, if not fatal. Kemper is in jail.

A Judge in Disgrace. LUMBERTON, N. C., May 29.—Judge W. R. Norwood, one of the fusion nonpartisan judges of the superior court elected last November, has been indicted by the grand jury of this county for drunkenness.

CRISP'S POSITION.

The Speaker Defines How He Stands on the Financial Question.
ATLANTA, Ga., May 39.—Speaker Crisp

has given out a card explaining his position on the financial question. It is short and to the point, and, he says, is to put a stop to misrepresentations of his position. Here it is:

Americus, Ga., May 28.—Ever since I gave consideration to the question I have been a bellever and an advocate of the free and unlim-ited coinage of silver. Ever since I entered public life I have spoken and when opportunity offered, voted for it. I still favor the free and unlimited coinage of silver by the United States, independently, at the ratio of 16 to 1. How anyone at all acquainted with my public utterances and acts can have mistaken or been In doubt as to my position is a mytery to me. My excuse for this eard is misrepresentation, my hope is that this will end it.

THE GOLD STANDARD.

The Chanceltor of the Exchequer Says England Will Adhere Firmly to It. confine its work to organization, and, LONDON, May 29. - Sir William Verson Harcourt, chancellor of the exchequer, has formally replied to the memorial forwarded by influential bankers and financiers in terms emphasizing his previous strong remarks in favor of the gold standard. His reply concludes thus: "You may rely upon it that her majesty's government will give no countenance to any change in the fundamental principles of our monetary system, nor in any discussions in which they may be called up-on to take part will they admit any doubt as to their intention firmly to adhere to the single gold standard."

COLORADO REPUBLICANA

The State League Has a Warm Discussion DENVER, Col., May 29.—The state league of republican clubs met here yesterday and elected a full delegation to the national league meeting at Cleveland. A red-hot fight occurred over the resolutions. A minority favored instructions to the Colorado delegation to bolt unless the convention came out unequivocally for free coinage of silver at 16 to 1. The resolutions finally passed to instruct the delegation to work for such action by the ational convention. High tariff against all countries refusing to adopt a bimetallic money standard was urged.

Baptist Woman Masion Workers. SARATOGA, N. Y., May 20. - The Woman's Baptist Home Mission society concluded its eighteenth annual meet- | a total of fifty persons were killed and ing yeater lay. N. dres naturally have caused severe distress, of Chicago; corresponding sections, of Chicago; corresponding sections in the districts is which they amputated, before, and this distress continues.

cago; treasurer, Mrs. A. H. narber, o. Chicago; recording secretary, Mrs. W. E. Wormley. Vice presidents were also elected for twenty-three states and ter-

The Missouri Assembly Acta-JEFFERSON CITY, Mo., May 29.-Sec retary of State Lesueur has determined to publish the laws of the regular and extra session of the Thirty-eighth general assembly in one volume. The laws of the regular session are already printed, but not yet bound, and very little more delay will be caused by the decision of the secretary of state to inclade in the same volume the later dred canal boats are lying rotting in laws of the extra session. It will save

KANSAS CROPS.

Corn Doing Well—Small Grains Improving
—All I rops in the Western Counties Improved by Recent Rains.

service says: In the eastern division corn is doing well; while it has been ship is not known. growing slowly it is rooting deep. Small grains are improving in the central counties, also fruit and pastures while in the northern and extreme southeastern counties fruits, gardens and small grains are suffering.

In the middle division corn is doing well, better than any other crop. Small grains and pastures suffering severely in the north, doing better in the of the few at this time known central and southern counties, except to have escaped from the sinking Sumner, which reports pastures in bad shape. Wheat is heading in central the dispatch he went to the Merand southern counties, except to have escaped from the sinking versel alive. When Railton received the dispatch he went to the Merand southern counties, except to have escaped from the sinking versel alive. and southern counties, and though chants exchange to corroborate the stalk is short and thin on the ground the berry promises better than usual.

In the western division the rains in the western counties have greatly improved all crops, though the cool weather was not favorable. In the unirrigated portions of the other counties the cool weather has been an advantage. Irrigated crops are doing

OKLAHOMANS IN WANT.

Assistance Asked For for the People of

Wichira, Kan., May 29.—An appeal for aid for destitute people of part of Grant county, Ok., has been issued by the Women's Aid society of the Presbyterian church of North Pond Creek. The appeal declares that there is a strip of country, which includes a portion of Grant county, extending from 4 miles south of Enid north 20 miles to within 4 miles of Oxford, and from 5 miles west of Round Pond east 10 miles almost to Lamont, where, on account of the severe drought last summer and this spring, there are no grain and no vegetables and little grass for cattle and horses. There is great destitution in many families there and they must receive immediate help or starve. Food, clothing and garden seeds will be accepted by the society and distributed to the sufferers, and proper discrimination will be made between the helpless poor and those able to better their condi-

REPUBLICANS TO MEET.

The National League Convention at Cleve-land Will Be a Large One. CHICAGO, May 29. - President Tracy. of the National Republican league, states that all indications are that the convention of the league, which is to will be the largest ever held. Cleveland people are making very extensive preparations for the entertainment of the delegates. Speaking of the work of the convention, Mr. Tracy said: "Of course, the convention will discuss the currency question, as it will all other matters of national importance, but I do not believe any attempt will be made to forestall the action of the national republican convention. It has been the policy of the league to

while fully discussing all national questions, we have always been careful not to overstep our prerogatives." TROUBER FOR SALOON MEN.

At Sedalia They Kept Open Sunday in Violation of Law and an Agreement. SEDALIA, Mo., May 29. - Last Sunday Sedalis was growded with excursion ists and the saloons, contrary to law and in violation of an agreement with the civic faderation, threw open their doors and sold liquor all day. The offloors of the civic federation visited each saloon and accured evidence which will result in the arrest of all except three saloon men. The federation declares that each saloon man shall lose his license.

Congressman Catchings on Currency. JACKSON, Miss., May 39.—Thomas C. Catchings, the only "sound money" congressman from Mississippi at the last session, addressed the Sound Money league here last night on the issues of the day, confining himself almost exclusively to the discussion of finances and urging the correctness of Cleveland's view. The fight between silver and gold is on here in earnest, the campaign being made on these lines for all officers, from governor down to constable.

Fifty Persons Burnen to Des Sr. PETERSBURG, May 22.-In the town of Kobueden 300 houses have been destroyed by fire and in the village of Rushamy 250 houses have been burned. During these conflagrations

FOUNDERED.

The Steamship Colima Reported Lost in the Pacific Ocean.

TWENTY-ONE MEN SAVED.

A Dispatch from Manuanillo States That 160 Passengers and Crew Are Lost and All the Bullion-Details Mongor,

SAN FRANCISCO, May 29.-The Pacific Mail steamship Colima, with 192 persons on board, including passen-gers and crew, foundered off the coast of Mexico on Monday. Fourteen pas-sengers and five members of the crew reached Manzanillo, Mex., yesterday. Musin Sale TOPKEA, Kan., May 29.—The weekly vessel's fate. Whether the remainder crop bulletin of the Kansas weather of the passengers and crow escaped in small boats or went down with the

> The first information of the loss of the steamer reached this city in a dispatch received by H. E. Alfred Railton, a bookkeeper in the office of the Pacific Mail Steamship Co. The dispatch contained the following brief statement: "Saved. Wire father. Richardson," Richardson was the storekeeper of the Colima and is one news of the vessel's loss, but failed to obtain any information there. A few moments later a telegram was received from the company's agent at Manzanillo that the ship had gone down and that fourteen passengers and five of the crew had reached the shore in a small boat.

The Colima sailed from San Franelsco May 18 for Panama and way ports with 112 passengers, forty in the eabin and thirty-six whites and fortysix Chinese in the steerage. The offi-

cers and crew numbered 79. The officers of the Pacific Mail Steamship Co. do not believe the vessel struck a hidden ledge. They are more inclined to think that the cause of the disaster was an accident to the machinery. They are sure that the officers and crew did their duty when the trying moment came, and believe that the loss of life will prove to be much less than is at present feared. The vessel had six life-boats which hung from davits ready to be launched at a moment's notice, and it is thought that all of these could have been

The Colima was a single screw propeller with iron hull. She was built in 1873 at Chester, Pa., by John Roach & Sons. Her tonnage was 2,909.64 gross, 2,143.85 net. her horse power 1,100 and her speed 111/4 knots. This was her 129th voyage to Panama. She carried about 2,000 tons of cargo and was valued at \$103,000.

Later-The Merchants' exchange has the following dispatch from Manzanillo: "Steamer Colima total loss. One hundred and sixty passengers and crew lost. Twenty-one saved. Much bullion

KANSAS RAILBOADS.

be held in Cleveland, June 19, next, Auditor Cole Makes a Statement as to the

Value of Four Main Lines. TOPEKA, Kan., May 20.—Auditor of State Cole has prepared a statement of railroad property showing the com-parative values of the four main line properties across the state from the Missouri river to the Colorado line, including main track, side tracks, telegraph, rolling stock, materials, supplies, moneys, credits, buildings and Pullman cars, as follows:

Atchison, Topeka & Santa Fe, 486.40 miles main track; total value, \$6,149,-460.90; average per mile, \$12,642.80. Union Pacific, 445.13 miles main

track; total value, \$4,714,408.60; average per mile, \$10,591,08, Missouri Pacific, 459.69 miles main

track; total value, \$3,153,201; average per mile, \$6,859.40. Chicago, Rock Island & Pacific, 454.66 miles main track; total value, \$2,949,-

874.90; average per mile, \$6,486. The low average of the Rock Island is explained by the company's method of distributing its rolling stock over the main line and branches equally. It has a total mileage of 1,117.68 in the state, making the assessment per mile of the main line much lower than other roads of the same relative value.

No Stealing at the Pen. TOPEKA, Kan., May 29.-State Accountant J. E. Challinor has made to Gov. Morrill a report of his examina tion of the books, accounts and business methods of the state penitentiary. He begins with the coal output and shipments, and says that in view of the many reports made by former employes, that coal had been stolen by the officials, he looked into every possible loophole to discover the alleged thefts, but he is convinced that such reports are untrue.

A Lurgiar Comes to Grief. Ior.a, Kan., May 29 .- A burglar who entered the house of A. H. Campbell, ex-county attorney, is lying in fail this morning with a shattered arm, having received a charge from Campbell's shotgun. He is an Italian gives his name as John Smith and says he is from everywhere. The arm will be
